#### **Proton Motor Power Systems plc**

("Proton Motor" or the "Company")

#### **New Order**

Proton Motor Power Systems plc (AIM: PPS), the designer, developer and producer of fuel cells and fuel cell electric hybrid systems with a zero-carbon footprint, announces that, in line with the announcement made on 25 January 2021, it has received a 4th order from a large international engineering and aerospace group for four more Proton Motor "PM Module S8" fuel cell systems for the autonomous provision of energy and heat.

The customer further indicates that there may be further follow up orders to come in the pipeline.

Dr. Nahab, CEO of Proton, commented: "We are delighted to be working with this important customer for the long term and we expect that the relationship will expand to include training and service to support international sales."

#### **About Proton Motor Fuel Cell GmbH**

Proton Motor has more than 20 years of experience in Power Solutions using CleanTech technologies such as hydrogen fuel cells, fuel cell and hybrid systems with a zero carbon footprint. Based in Puchheim near Munich, Proton Motor offers complete fuel cell and hybrid systems from a single source - from the development and production through the implementation of customized solutions. The focus of Proton Motor is on back-to-base, for example, for mobile, marine,

stationary and rail solutions applications. The product portfolio consists of base-fuel cell systems, standard complete systems, as well as customized systems.

Proton Motor serves IT, Telecoms, public infrastructure and healthcare customers in Germany, Europe and Middle East with power supply solutions for DC and AC power demand. In addition to power supply, SPower also offers solutions for Solar Systems as well as a new product line for Solar Energy Storage.

Proton Motor Fuel Cell GmbH is a wholly owned subsidiary of Proton Motor Power Systems plc. The Company has been quoted on the AIM market of the London Stock Exchange since October 2006 (code: PPS).
